TAN OXFORDS

ARE NECESSARY THIS SEASON.

THE Tan Oxford is this season claiming its rightful place as the best summer shoe. Tan is the coolest leather that can be worn—the softest and easiest on the feet. Many exclusive styles here, including several of the season's fad—the sailor tie.

Brown Ooze Calf Sailor Tie, welted soles, Cuban heel, plain toe **\$3.50**

Brown Kid Sailor Tie, welted soles, medium heel and toe - - **\$3.00**

Brown Kid Sailor Tie, turn sole, soft as a glove, rather narrow toe **\$3.00**

Laird, Schober & Co.'s Tan Oxfords

A southern tie, made of tan kid, with cloth top and very light turn sole; is a great seller; extremely soft and pleasant to the feet. Then, a great variety of Russia calf welt oxfords for street wear.

Queen Quality Tan Oxfords

Gibson Ties, blucher oxfords and plain lace styles in Russia calf, with welted soles, sailor ties, Gibson ties and button oxfords, in tan vici with light flexible soles. Prices:

Laird, Schober & Co.'s are practically the only women's fine shoes in the country. They are unequalled in any respect—but especially in daintiness of style, flexibility and ease to the feet, and superb fitting qualities. Queen Quality Oxfords are pre-eminent among medium-price shoes—especially in the point of comfortable fit, and we carry a large enough variety in both lines to insure a pleasing selection and perfect fit.

FROM THE NAVY RECRUITS.

Dear Friends—I have been going some all the time ever since I left Frankfort. I lit in Norfolk at 10 o'clock. I think that I will like it all right. Please excuse all bad writing for my pencil is about two inches long. They say stamps are very scarce. If that is the case I can not write very many times, but I will try to let you all know where I am all the time. The receiving boat I am on is about 500 feet long and 80 feet high. A large man of war is within 300 feet of us. I have got so much to say I don't know what to say first.

BUYS FARM.

The farm of Mr. W. S. Caplinger, located below Leestown, on the Kentucky river, was sold by Mr. L. B. Marshall to Mr. Ed. Duvall, for \$1,600. The farm is a good one and the price very low.

PAYS INSURANCE.

Mr. C. A. Nelson, as Recorder of Frankfort Tent, Knights of the Maccabees, has received a check for \$3,000 from the Grand Recorder of that Order, with which to pay the insurance held upon the life of Mr. L. G. Choate.

This is quick work and reflects great credit upon that order. It is only two weeks since Mr. Choate died, and now Mr. Nelson has paid the insurance money.

DAUGHTERS OF THE CONFEDERACY TO MEET.

There will be a meeting of the Daughters of the Confederacy this afternoon at 3 o'clock, at the residence of Mr. E. L. Samuel, on St. Clair Street. A full attendance of the members is requested.

Kodol Dyspepsia Cure does for the stomach that which it is unable to do for itself. Kodol Dyspepsia Cure supplies the natural juices of digestion and does the work of the stomach, relaxing the nervous tension, while the inflamed muscles of that organ are allowed to rest and heal. Kodol Dyspepsia Cure digests what you eat and enables the stomach and digestive organ to transform all food into rich, red blood. Sold by J. W. Gayle.

ANOTHER LOST CAUSE HERO DIES.

Gen. Fitzhugh Lee, U. S. A., retired, was stricken with apoplexy while en route from Boston to Washington City, on Friday of last week, and died in the latter city that night.

Gen. Lee had the high honor of having served in three wars, and (after having served as a Major General in the Southern Army) of dying a General on the retired list of the United States Army. He was a brave, gallant and honorable man, in all the relations of life, and met the last enemy without fear.

He did as much to assuage the bitterness left by the civil war as any on man in the country, and lived to see that country one and indivisible.

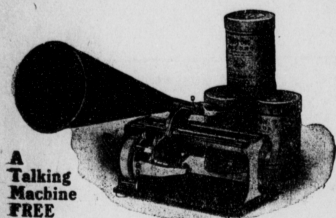

Peace to his ashes.

OUTING FOR MAY.

The army that knows how to shoot is the army that crosses the enemy's trenches, and we rejoice to read in May Outing that marksmen are being made of our Militia and Regulars. Lieutenant Frank E. Evans tells of the contests at Creedmore which are fast inspiring our men to become crack shots. His photographs are most realistic. No monacles or flapping banners there, but a long line of rusty clad chaps lying on their faces with one eye on the ever changing wind and another on the small dots of white in the level distance.

The motor boat is no mere plaything; the fisherman has taken fashion's toy and adapted it to his needs. An article by H. P. Burchel, shows us what an important place this craft has won in our east industries.

Perhaps you know what a Seladang is and perhaps you do not, but by the time you have finished Caspar Whitney's account of the quest he made for this dangerous Malayan beast you will have a wholesome respect for the animal and for the two adventurers who penetrated the jungle searching for him. They also found in the jungle an insidious fruit that has a strange amorous effect upon all who eat it and is so coveted by man and beast that it is the cause of many a fight. A widely different phase of human life is treated by Clifton Johnson in his account of the Cotton Patch Life of Tennessee accompanied by a score of unusual illustrations that give us a most intimate view of the cabin life of this section. The German is not afraid to play when he is not working, no matter to what age or dignity he has attained, and he plays in the way that does him the most good. In the Gospel of the Turn Verein, Ralph Paine gives an appreciative account of the great movement for health and happiness which has spread through a large part of our German citizens. Besides all this matter of wide and popular interest we find the usual supply of helpful articles, brim full of new ideas for those who wish to lead an active outdoor life. The advantages of camping on sandbars near the sea—how to build a cheap boat, by that master of outdoor craft, Dan Beard—Hins for the Spring fisherman—and your lawn—S. L. Maynard tells you just what to do to make it perfect, whether it be old or new. Nay, you must look far indeed before you find another magazine so filled with the spirit of coming summer as May Outing.

Ira and Elliott Gaines), and two daughters (Mrs. Jeff Lewis and Miss Dora Gaines), to mourn his death. He was a consistent member of Bethel Baptist Church. Rev. John H. BACK TO ITS OWN.

The famous old Lexington race track was re-opened this week with a blaze of glory. The attendance upon the races was all that could be wished for and the races run fully up to expectation. New records were made. Lexington without her races is like the play of Hamlet with Hamlet out.

PEA RIDGE.

Born—April 29, to Church Dennis and wife, a son. Welcome little stranger.

Little Georgie Dennis is still seriously ill. She is a bright, pretty little girl, and it seems pitiful that she should have to suffer so much sickness and pain.

Our one Confederate soldier, Mr. J. P. Tracey, attended the meeting of the old Confederates at the Courthouse last Monday.

Miss Goldie Sudduth and Miss Emma Dennis were the guests of Miss Edith Edge recently.

Miss E. Edge was the guest of Miss Emma Dennis last Sunday week.

Miss Goldie Sudduth has been the guest of her sister, Mrs. Blanche Dennis, this week.

We were sorry to hear of the sudden and serious illness of Mrs. Fount Hulet, at her residence in Choateville. We all hope she will soon recover, as she will be greatly missed among Church and Sunday-school workers.

The country is at its prettiest just now. The trees in full leaf, the spring flowers in full bloom and a bright prospect for plenty of fruit.

Sunday-school at Choateville every Sunday evening at 8 o'clock. Everybody invited.

Mr. Walker Chambers, of Lexington, has bought the Miss Ann Tracey farm; also the land adjoining, belonging to the Crutcher heirs, who have just come of age. He has his family already domiciled. We welcome this family as a most agreeable addition to our neighborhood.

Mr. Samuel Laceyfield and wife were the guests of Mr. Dave Laceyfield, of Frankfort, one day this week. SCRIBE.

THE LIVER QUARANTINE

"TAKING HIS MEALS OUT."

Quick eating has ruined many a man's stomach. The digestion-destriving process is gradual, often unnoticed at first. But it is only a short time until the liver balks, the digestive organs give way, and almost countless ills assail the man who endeavors to economize time at the expense of his health.

A torpid liver causes a quarantine of the entire system. It locks in the diseased germs and body poisons and affords them full play, inviting some serious illness. In families where August Flower is used, a sluggish liver and constipation are unknown, so are all stomach ailments, as well as indigestion, dyspepsia, heartburn, headaches and kidney and bladder affections. No well-regulated family should be without this standard remedy.

Two sizes, 25c and 75c. All druggists.

His mother's death was a sad loss for Mr. Reid, but he learned that lung trouble must not be neglected, and how to cure it. Quick relief and cure for coughs and colds. Price 50c and \$1.00; guaranteed at all druggists.

"Neglected colds make fat graveyards." Dr. Wood's Norway Pine Syrup helps men and women to a happy, vigorous old age.

STRONG Again

is what Mrs. Lucy C. Wall of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it. Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weakens, and becomes diseased.

Kodol Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

MOTION MADE TO TRANSFER POWERS CASE TO U. S. COURT.

In the Circuit Court at Georgetown, on Tuesday, the attorneys for Hon. Caleb Powers moved to transfer the case to the U. S. Court for the Eastern District of Kentucky.

Judge Stout called a special term for July 10, and postponed action upon the motion until that time.

In the meantime, the petition, which is a very ably drawn and adroit paper, will be presented to Judge A. M. J. Cochran, U. S. District Judge, and a motion made to have the order of transfer made. Should Judge Cochran grant the petition the case will come up for trial at the next sitting of the U. S. Court, which will be held in London, this month.

BRILLIANT LAWYER DIES.

Hon. Theodore Hallam, one of Kentucky's most brilliant (yet erratic) lawyers, died on Wednesday, at St. Elizabeth's Hospital, in Covington. He was a singular character—genial and winning at times and again as sarcastic and bitter as a man could well be. He made many warm friends and equally as bitter enemies.

IMPORTANT DECISION.

The Court of Appeals, on Tuesday, decided that county judges and other officers, holding examining trials, are entitled to the fee of \$2, whether the grand juries indicted the parties afterwards or not.

Heretofore it has been held (under act of the Legislature) that the failure to indict, by the grand jury, cancelled the examining officers fees.

MOTOR CAR THROWN FROM TRACK.

The motor freight car of the Frankfort and Versailles Traction Co., loaded with whisky, from the Stag Co. distilleries, was overturned near the penitentiary, on Tuesday, by the caving in of an excavation causing the track to sink. The car was badly wrecked.

HAND CUT.

Little Miss Blanche Tobin, daughter of Mr. Richard Tobin, ran her hand through a glass door, at the residence of her father, on Ewing street, and that member was badly cut. Surgical attention was given and she is doing well.

Get SCOTT'S Emulsion

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.

Excess Of Smoking Affected My Heart

So I Had To Sit Up To Breathe.

Dr. Miles' Heart Cure Cured Me.

There is nothing that has a more deleterious effect upon the cardiac or heart nerves than the excessive use of tobacco. Pain and tenderness around the heart, an oppressive feeling in the chest, choking sensation in the throat, discomfort from sleeping on the left side and smothering spells at night when the sufferer has to sit up in bed to breathe are the most common symptoms of a weak heart. Smokers who feel these symptoms and who do not understand their meaning should be warned in time, by the following experience: "I was greatly troubled with an affection of the heart, due I think to excessive smoking. On writing to you for advice I was directed to begin a course of treatment which included Dr. Miles' Heart Cure, Dr. Miles' Nerve and Nerve Liver Pills, together with bathing, which I faithfully followed the directions given and am pleased to say that my cure is complete and permanent. Before beginning the use of your remedies I was so nervous I could not keep my hands still and suffered greatly from severe pains around the heart. Many times at night I would be forced to assume a sitting posture to get my breath, and for the time being it would seem as though my heart had stopped beating. From the splendid results achieved in my case I can cheerfully recommend Dr. Miles' Heart Cure, Restorative Nerve and other remedies to all sufferers from heart or nervous troubles."—Yours truly, ELLIOT HALL, Dothan, Ala.

A FRANKFORT GIRL'S SUCCESS.

A friend received a letter from a former Frankfort young lady, the tenor of which proves that, not only will a Frankfort boy come to the front, but the girls are just as plucky.

Miss Willie May Sanders, in July, 1908, left Frankfort and secured a place in the training department in the Hospital at Nashville, Tenn., where she remained one year; then took a similar position in Hannibal, Mo., and in March, by taking the required examination two months in advance of the required time, passed with honors, was graduated as a trained nurse and was immediately employed as superintendent, at the Maywood Hospital, Sedalia, Mo. She has over thirty bed patients and nine surgical cases under her supervision, and is filling the position most acceptably, at a handsome salary. Hurrah for Frankfort energy.

A DELIGHTFUL STORY.

Miss Maria Lindsey, of this city, is acquiring no inconsiderable fame as an authoress. Her latest production, which has just appeared in the April number of the Leslie's Magazine, is entitled "Lions of Pleasantville," is full of pungent wit and fun, which is pointed at cloddism, from a female standpoint. It deserves a wide reading.

RESOLUTIONS OF RESPECT.

Capital Tent, No. 28, K. O. T. M., of Frankfort, Ky., adopted the following resolutions of regret and respect to the memory of our Brother Louis Garrett Choate:

Whereas, Brother Louis Garrett Choate has obeyed the last summons of our Lord on High, whose will it was to take him from the midst of his loving wife, family and friends at large. A gentle and loving spirit has joined the loved ones who have long since crossed the shadow of death, where pain and sorrow no longer are known, and stands on yonder bright shore to welcome the loved ones he has left behind, to the blessed land beyond.

As a husband and father he was loving, affectionate and kind; as a business man he was painstaking, gentle and kind, always ready and willing to help his fellowman; as a member of this order he was always ready and willing to perform his duties and was an honor to the same. Therefore, be it Resolved, That this lodge tender to his afflicted widow, children and grandchildren our sincere condolence, and our earnest sympathy in their dark hours of trouble and sorrow, and that a copy be presented to the bereaved family, and the local papers are requested to publish the same.

HOT WEATHER PILES

Persons afflicted with Piles should be careful at this season of the year. Hot weather and bad drinking contribute to the conditions which make Piles more painful and dangerous. "DO IT TO-DAY."

The time—worn injunction, "Never put off 'till to-morrow what you can do to-day," is now generally presented in this form: "Do it to-day!" That is the terse advice we want to give you about that hacking cough or demoralizing cold with which you have been struggling for several days, perhaps weeks. Take some reliable remedy for it to-day—and let that remedy be Dr. Boschee's German Syrup, which has been in use for over thirty-five years. A few doses of it will undoubtedly relieve your cough or cold, and its continued use for a few days will cure you completely. No matter how deep-seated your cough, even if dread consumption has attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble. New trial bottles, 25c; regular size, 75c. At all druggists. 1yr.

WILL MAKE IT LIVELY FOR THE BOYS.

Yesterday afternoon Mr. Guy Barrett, as proxy of the Grand Master (accompanied by Messrs. Geo. A. Lewis, D. W. Lindsey, Jr., D. L. Holland, H. H. Roberts and M. P. Brown) went to Lawrenceburg and instituted Lawrenceburg Council of R. and S. M. Masons.

In the evening, Mr. Geo. A. Lewis, as proxy of the Grand High Priest of Royal Arch Masons, inspected the work of Lawrenceburg Chapter, R. A. M.

After the proceedings a delightful banquet was served.

The boys had a pleasant and lively time of it.

CANDIDATE FOR MAYOR.

Dr. E. E. Hume has been announced as a candidate for Mayor, subject to the action of the Democratic party. Dr. Hume is a first-class gentleman with large business interests in the city, and, if elected, would make a good Mayor.

RALPH BINGHAM.

The following account of Ralph Bingham's entertainment is taken from the Anderson County News, May 12th: "As a violinist he surpassed the expectations of even those who anticipated a rare treat. The whole evening's performance was a revelation to all beholders. Give us such men as Ralph Bingham, and church entertainments will never be a bore."

The ladies of the Pastors Aid Society of the Methodist Church will continue their weekly sales of homemade cakes, candies, pies, croquettes, salads, salt risen light bread and beaten biscuits at the old office of the Kentucky Journal in the Collins building on Saturday, and in the afternoon and evening will serve ice cream and cake. Prices reasonable.

CLIMATIC CURES.

The influence of climatic conditions is very much overdrawn. The poor patient and the rich patient too, can do much better at home by proper attention to food digestion, and a regular use of German Syrup. Free expectoration in the morning is made certain by German Syrup, so is a good night's rest and the absence of that weakening cough and debilitating night sweat. Restless nights and the exhaustion due to coughing, the greatest danger and dread of the consumptive, can be prevented or stopped by taking German Syrup liberally and regularly. Should you be able to go to a warmer clime, you will find that of the thousands of consumptives there, the few who are benefited and regain strength are those that use German Syrup. Trial bottle, 25c; regular size, 75c. At all drug-gists. 1 yr.

Mrs. Lawrence Wilkerson has been confined to bed for some time with an attack of laryngitis. He is but slightly improved.

Mrs. J. A. Keiser, of Lexington, was the guest of her brother, Mr. R. S. Sprake and wife, several days.

Mrs. Martha Lindsay had the misfortune to fall from a chair some ten days since, which injured her back. She is still suffering with the sprain.

The Odd Fellows will have an entertainment on Friday night, May 5, at the Town Hall, for the benefit of their Lodge. A nice program was arranged.

By a telegram, which came Saturday, the sad news was received here that Mrs. Mattie Stone, wife of Mr. Breck Stone, was lying at the point of death at her home in Greenville, Tenn. Her mother, Mrs. B. Stone, and brother, Mr. B. R. Jones, left Sunday for that place.

The Buffalo Springs Academy closed its term on Friday, April 28. An entertainment was given on Monday night, which was very much enjoyed. Prof. Jos. Warren and his assistants, Misses Viley and Lindsay, have given fine satisfaction.

One of the most magnificent electrical storms ever seen here passed over this section on Friday night. It was accompanied by heavy wind, rain and hail. No damage was done.

COUNTY COURT DAY.

Monday was County Court day. It was bright, clear and cool, and brought a good sized crowd of people from the country. There were quite a large number of good horses on the market, and the dealers did a brisk business. Prices ruled stiff and high and prevented some sales that would ordinarily have been made.

There were a few bunches of calves, cows, etc., but not much was done in them.

A colored man by the name of Adams, who was working on a house for Mr. Wm. Utterback, on Mero street, on Thursday, slipped and fell to the ground, alighting on his head. Beyond a severe shake-up it is thought no serious damage was done, although the man was unconscious for a short time.

CURE YOUR KIDNEYS.

Do not Endanger Life When a Frankfort Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, languor, why allow themselves to become chronic invalids, when a certain cure is offered them? Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney diseases, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Frankfort testimony:

J. P. Taylor, of 304 Madison street, carpenter by trade, now retired, says: "For nigh on to thirty-five years I was subject to pain and weakness in my back. 'The trouble I know came from the kidneys, especially from the left one, this being the most affected. Sometimes I could scarcely rise after kneeling or stooping, and often when walking sharp pains would take me in my left side so as to nearly cause me to fall. A weakness of the kidney secretions was very annoying, especially at night, and it disturbed my rest. For years, at off-recurring intervals, I took various medicines which all practically failed to give the promised and expected benefit. It is the recollection of these very facts which makes me so appreciate the remedy which also afforded me a genuine and lasting benefit. I refer to Doan's Kidney Pills which were procured by me at J. W. Gayle's drug store. They went right to the cause of the trouble and removed it. I will always recommend Doan's Kidney Pills to my friends as a remedy that can be depended upon."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no other.

MAN'S UNREASONABLENESS

Is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble. "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by all druggists. Price 50c.

My Own Story BY Caleb Powers

This book is a calm, dispassionate account, from the standpoint of the man most interested, of the conditions in Kentucky leading to the assassination of William Goebel, and of Powers' indictment and conviction on the charge of complicity in his murder.

It covers his youth in the mountains of Kentucky, the conventions of 1899, the election, the shooting of Goebel, the arrest, the three trials and the prison life.

For dramatic situations, human interest and political importance, the case of Caleb Powers is unequalled.

INDUSTRIAL CALIFORNIA.

California is one of the most remarkable and fascinating States on the map.

If California was set down on the Atlantic Coast and cut to fit, it would hide from view Maine, New Hampshire, Vermont, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Maryland and all of Virginia east of the mountains. If just dropped down on the Atlantic Coast its northern line would fall upon Maine, where it touches salt water farthest north, while its southern line would be cut off at Cape Hatteras. Or if Mt. Shasta, that great snow-capped peak of California, overlooked New York City, then San Diego, that wonderful city on the southern boundary of California, would be near neighbor to St. Augustine, Fla.

Between the sea and the mountains in California the valleys are kept in a climate warmer by the sun, tempered by the Pacific stream and cooled by the snow caps of the Sierra Nevada range. This makes a climate twelve months in the year (three hundred and sixty-five days) well nigh ideal.

California is an empire in itself, has a climate all its own and a productiveness of soil that equals the best sections of the United States, the four great valleys—Sacramento, San Joaquin, Santa Clara and the Citrus Belt. These sections have only just been scratched and the productiveness of the soil is only just beginning to be known.

California is one of the greatest fruit sections in the world, and no other section of the United States can possibly compete with California oranges, lemons, raisins, asparagus, apricots, pears and the wines, for in point of quality these products are peerless, more luxuriant in production and more delicious in flavor than those raised (except in hot houses) in any other section of the United States.

But there are many other products. For example, English walnuts, prunes, olives and the white Smyrna fig, all of which hold the attention of commerce as the coming great contributor to domestic and foreign markets.

When California is spoken of every one considers the State as synonymous with delicious fruits and beautiful flowers. But the wise ones who look from the "tree top" are beginning to appreciate the value of California as the great producer of the common products, such as alfalfa, five crops a year, two tons to the acre, \$15 the average price per ton. These are the facts that appeal to the husbandman. Fancy farming is productive of great profit, but plain, every day, old-fashioned farming in California brings the round returns in dollars and cents for every day labor and the expenditure of a limited capital. Ten acres of California land will produce in baled alfalfa \$1,500 a year gross, at a cost of labor and interest on the investment of not to exceed \$800, leaving a net profit of \$1,200 to the man who is willing to appreciate the needs and demands of that section of the country.

There is in California an opportunity for every man in every walk of life, whether professional, commercial, mechanic, common laborer or farmer, and the great ranges which have hitherto been controlled by large capital interests are being divided now into forty and eighty acre tracts, upon which a man can pay as small a sum as \$100 down and long, easy terms to suit for the balance. These are the things that will make men who are fighting the cold of the winter and the heat of the summer rejoice that there is a place for his family and his energies where he can win a competence and gain a foothold that will bring him not only a livelihood, but a comfortable life income.

One of the remarkable things about California to every person who lives in the East, is that in this State there is no desire on the part of either the man or his family to return to his original

home in the East.

Why?

Because the heat of the summer and the severe cold of the winter in the East both retard the best efforts and sap the energies of the man and woman alike, and competition is not apparent in California as it is in the East, which makes a man more independent, and the mild winters and the comfortable summers give to every member of his family the best opportunities to make use of time and thought for hand and brain. The most remarkable feature of California climate is its sameness, north and south. Heat and cold are a matter of altitude, not latitude. Oranges grow to perfection in Riverside, so do they in the upper Sacramento Valley, over five hundred miles north. In foothills, valleys and along the coast wild flowers (and cultivated flowers, too) bloom the length of California in midwinter.

"THE MAN IN GRAY."

Beautiful Three-Color Print.

As its offering of respect to the Confederate Veterans Reunion, the Henderson Route is distributing a beautiful three-color print, entitled "The Man in Gray," which is receiving widespread admiration throughout the entire South.

The picture, which is printed from an extra fine etching, reproduced from an original drawing by Mr. Robert M. Hood, the celebrated artist of the Louisville Courier-Journal, is 16x22 inches, and is printed on fine enameled paper, sufficiently heavy for use unframed, but equally suitable for framing.

It is executed in the three cardinal colors of the Confederacy—gray, blue and red—on a white background, and has been rightly termed by critics "a gem."

They are enclosed in strawboard mailing tubes for safe transmission by mail, thus avoiding any possibility of breakage and insuring safe delivery.

Send five (red) stamps to L. J. Irwin, Louisville, Ky., for this beautiful reproduction, and after you receive it, whether you are from the North or out of the South, you will be an enthusiastic admirer of the "Hero of the Gray."

STRICTLY GENUINE.

Most of the patent medicine testimonials are probably genuine. The following notice recently appeared in the Atchison (Kan.) Globe: "Joe Tack, a well known engineer, running on the Missouri Pacific between Wichita and Kiowa, lately appeared in a big one, with a picture, and when he was in this office to-day, we asked him about it. He says he had terrific pains in his stomach, and thought he had cancer. His druggist recommended Kodol and he says it cured him. He recommended it to others, who were also cured." Kodol Dyspepsia Cure digests what you eat and cures all stomach troubles. Sold by J. W. Gayle.

SAUCE FOR THE GOOSE—SAUCE FOR THE GANDER.

By an order from the Secretary of the Treasury and a like order from the Postmaster General (which orders are just, right and to be pointed), all government employees are required to give up their places upon party committee, etc.

Now why not have a little of the same sort of thing with regard to State officials, circuit judges, county judges, clerks, sheriffs, etc., in this State.

If it is right (and we certainly think it is) for all government officers to give up positions of political management, the same sort of thing is vastly more important in State politics.

What's sauce for the goose, surely ought to be sauce for the gander.

ALASKA AND THE KLONDIKE.

A timely book at this season, when travel to Alaska is beginning again, is "Alaska and the Klondyke," by J. S. McLain (McClure-Phillips). This is a book of travel, and yet in a certain measure a guide book. The author, who is the editor of the Minneapolis Journal, accompanied the subcommittee of the Senate Committee on Territories in 1908, when it made its trip through Alaska. He had, therefore, exceptional opportunities for seeing all sides of life in the Canadian and American gold regions, on the Yukon and along the coast, and for gathering full and accurate information about the country and the people. His book takes the form of a running narrative of the trip, with descriptions of his experiences and the things he saw, into which he has injected all the information he could gather. He has a brisk style and an ability to impart information in an interesting manner. The book is very fully illustrated with photographs taken by the author.
